Reviews of the *Flower Fables* *by* Louisa May Alcott

Cordanius

A beautiful collection of stories, classics I remember my parents reading to me before bed at night. If you want a collection of short fairy tales to read aloud, this is a great choice, though if you want a gift I would DEFINITELY suggest one of the illustrated hardcover copies.

Corgustari

came in a timely fashion and a very cute book to read for kids, and I am even enjoying it myself.

thanks

I'm a fan of everything written by Louisa May Alcott and this is no exception. Lovely stories that my children and I are enjoying reading together.

beautifully illustrated and thoughtfully presented; every child's and Alcott fan's library should have this book on its shelves!

Readers of Little Women will enjoy this collection of flower Fables. I specifically downloaded this book for my 9 year old daughter who had enjoyed other books by Alcott. She finished it in an afternoon and relly loved it. This was a new book for me and I enjoyed the lyrical stories by this beloved author.

I have read this book many times over the years and it never fails to make me feel good. Louisa may Alcott is one of my favorite authors

Just what I wanted. The recipient was very pleased. Thank you.
