Lorraine Dancy has just discovered that everything she believes about her father is a lie—starting with the fact that Thomas supposedly died years ago. Now she's learned that not only is he not dead, he's living in a small town south of the border. In the process of tracking him down, she manages to get framed for theft and pursued by the real thief, the police and a local crime boss. Her father's friend Jack Keller agrees to help her escape, although Lorraine's reluctant to depend on a man like him. Jack's every bit the renegade Lorraine thinks he is—an ex-mercenary and former Deliverance Company operative. He's also the one person who can guide her to safety. But there are stormy waters ahead, including an attraction neither of them wants to feel. An attraction that's as risky as it is intense—for both of them. The sooner he can get Lorraine home, the better!

Reviews of the [The Sooner the Better \(Deliverance Company\)](#) by Debbie Macomber

Whew! I don't know how you do it, Debbie, but these Deliverance books are totally riveting and awesome! They kept me up nights. Great job. I look forward to another trilogy. I have found your books several years after they were written but that doesn't matter. Just happy to have found them. I plan to read the Dakota Series next. Keep writing! I'll keep reading. Peggy

Androlhala

This is the first time I have read anything by Debbie Macomber but I am certain that it won't be the last. Such wonderful characters she creates, I feel that I know each one personally., I had a problem putting this book down.. I loved it!

Jogas

Debbie never lets me down. I have never been disappointed in anything I have read of her books. You never know where it is going. It was a great read. I think this is a series. I sure hope so. I can't wait for the next one.

Yggdi

I love series books, getting to know the characters, having a vision of what they look like from previous books. But I don't like when I need to start from the beginning in a new series. This was a good series of books. I truly enjoyed reading them.

Thetalas

I love Debbie Macomber! I have read every one of her books but this wasn't one of her better novels. I felt that it was too predictable. I wish that she would branch out and write a story that didn't end in a happily ever after. It might lead to a sequel where the heroine is crushed and has to work hard to redefine herself and move on (with or without a man).

Madis

I had forgotten that I had read this one before, but it was even better the second time around. Like watching a movie again and noticing so much more.

Doomwarden

I loved this latest book by Debbie. Her writing is so descriptive and easy to follow. Hard to put down too! I have read all of her books and will continue to do so as long as she is able.

Debbie is another of the inspired writers to get involved with her books.. I believe Deliverance Company has 3 maybe 4 total books and each one is full of adventure, love, and a determined woman who will find her man and her happily ever after..

this woman's books also shout out ...READ READ READ..

LOVE her books.
