Returning from three years of military service in Algeria, journalist Georges Duroy takes advantage of his mistresses to achieve success. He wields his charm with unscrupulous ambition, becoming one of the most powerful men in Paris. In his 1885 novel "Bel Ami," Maupassant constructs a cynical portrait of human nature.

Reviews of the *Bel Ami* by Guy de Maupassant

Joni_Dep

Bel Ani could have been a man of the 1960s. The manners though were obviously of a much earlier period.

You will enjoy this classic story of greed and a selfish climb to the top - no matter who it hurts.

Bought the book to read before movie's release. Boring and predictable. Perhaps a great work in 1885. Hope the movie is better!
