## Reviews of the Libra (Little Birthsign Library) by Theresa Celsi,Michael Yawney

Kit

cute book. all the pages were stuck together, looked like water damage. very disappointing.

Gavikelv

Dirty, ripped, stained, and torn.

Invisibile

This pint-sized book about the Libra birth sign exceptionally covers in a concise, informative and very pleasurable to read style, all the basic information any astrology follower would enjoy having around in a single, beautifully illustrated, compact volume, more than suited to be carried around everywhere.

In merely eighty pages, it offers a fascinating look at many of the qualities and traits of the Libra personality as studied by astrology and their relationship to almost every aspect of daily life, including:

- \*The Sign of the Scales
- \*Character and Personality
- \*Signs and Symbols
- \*Health and Fitness
- \*Home and Family
- \*Careers and Goals
- \*Pastimes and Play
- \*Love among the Signs

As a bonus, it also contains a brief introduction to the history of Astrology.

This is a fun read for everyone.
