When the web-slinger donned a sleek black costume of alien origin, he had no idea it would one day become his deadliest foe: Venom! See the misguided Eddie Brock in his earliest adventures as he tries time and again to take down the hated Spider-Man! Featuring the first appearance of Carnage! Plus: the Black Cat, Silver Sable and the Human Torch!

Reviews of the Spider-Man: The Vengeance of Venom by Erik Larsen, Mark Bagley, Tod Smith, Ron Lim, Paris Cullins, Aaron Lopresti, David Michelinie

Vosho

This graphic novel features pretty much every Venom story and appearance he made in the

Spiderman books from the ending of the Birth of Venom tpb up to Lethal Protector.

We even get a story from some Spiderman annuals called First Kill that explains more of Eddie's hatred for Spidey, and we also get the first appearance of Carnage. This book was a fun trip down memory lane, and even though I didn't love every story within, what I did enjoy outshined the bad. I'd say pick it up, especially if you finished reading the Birth of Venom tpb.

Excellent compilation of important Venom comics. If you're a fan, this is a must have. You'll get to see every major story line in which he interacts with Spider-Man and get a sense of how their rivalry evolved over the course of time.

Falya

While very dated in the comics world, Spider-Man: The Vengeance of Venom, collects all of the original post Tod McFarlane Venom stories. Still written by Venom's creator, David Michelinie, these tales are basically Venom's return after his original appearances, followed by the spawning of the "red" symbiote and the debut of Carnage. Art duties are handled by Mark Bagley Jr. and Eric Larson.

Not essential Spider-Man tales, but very well done, considering it was the 1990's.

Ydely

As a kid I grew up watching Spider-man TAS and Spider-man Unlimited, and loved the character of Venom. So when they finally made a collection of some of the early appearances, I had to get it. This collection has great Venom stories and also the first appearance of Carnage. I love how Venom is just one of Spider-man's greatest villain. Venom is Spider-man's toughest foe and he can barely even defeat Venom. Features art by Mark Bagley, and guest appearances by the Human Torch, Mister Fantastic, and Daredevil.
